

## Stik-Fix

Shush Stik-Fix™ is a sound absorbing wall and ceiling panel with a self-adhesive backing which makes it simple and quick for installation. It offers "CLASS A" acoustic performance.

## Advantages

- Outstanding sound absorption performance - Class A
- Over 100 standard fabric colours available
- Easy to Install
- Light
- Quick availability

Stik-Fix™ is ideal for areas with reflective walls and ceilings to absorb the echo and reverberation in the area offering an excellent acoustic performance. Thanks to the high technology foam base core material, the Stik-Fix™ can be easily mounted to walls and ceilings to reduce the reverberation in any area. The panels are ideally used in areas such as community halls, schools, offices, village halls, classrooms, church halls, restaurants etc.

# Technical + Acoustic Performance

Shush Stik-Fix™ is manufactured from a high technology acoustic foam. The panels come in its natural light grey colour or a fabricated version from the SoundHush fabric range. It offers "CLASS A" acoustic performance.
